CLEAN PROTECT

COMPRESSED AIR SPRAY

COMPRESSED AIR SPRAY

The universal compressed air spray in a dose allows the removal of dust and fine fibres from inaccessible and sensitive surfaces in a dry and non-contact way.

PROPERTIES

- Dry contactless surface cleaning.
- Leaves no traces.
- Usage 360°.

FIELD OF APPLICATION

- It is suitable for use on surfaces where dust needs to be removed without physical contact.
- It has been developed for cleaning inaccessible and sensitive surfaces such as: electronic equipment, optical equipment and lenses, precision watches, medical devices, measuring devices...

USAGE INSTRUCTIONS

- Do not shake the dose before use. Keep it upright.
- Direct the spray on the surface you want to clean.
- Briefly press the spray at intervals as needed.
- Before cleaning, disconnect electrical appliances from the mains, ensure good ventilation before switching on appliances again in order to avoid possible gas nests with a risk of sparking.

PACKAGING

Aerosol dose 400 ml

STORAGE

36 months in a dry place at a temperature between +5 °C and +25 °C. Store the doses in an upright position.

HEALTH, SAFETY, HANDLING AND DISPOSAL INFORMATION

Follow normal working hygiene. Use only in well-ventilated areas. Additional safety information, safe handling instructions, information on personal protective equipment, and disposal information can be found in the safety data sheet. Safety data sheet available on request. You can also obtain a copy from your TKK sales representative.

WARNING

The information given is based on our tests and practical experience. However, due to specific conditions and working methods we recommend preliminary tests for each case of use.
