

TKK CLEAN PROTECT INOX CLEANER

SPRAY FOR CLEANING AND CARE OF STAINLESS PARTS

The spray is intended for cleaning, polishing, protecting, and caring for matt and polished stainless-steel surfaces both indoors and outdoors.

PROPERTIES

- Removes fingerprints, protective coatings e.g., from fume hoods.
- Cleans even large surfaces without leaving streaks and provides a long-lasting protective film.
- The cleaned surface repels water and prevents new dirt from adhering.
- Excellent anti-corrosion properties.
- Leaves no traces.

FIELD OF APPLICATION

- It is suitable for protecting and polishing all types of stainless surfaces.
- It is used in the assembly of stainless components as well as for cleaning and care in kitchens, toilets, hotels, stairwells, airports, offices, and industrial areas.

USAGE INSTRUCTIONS

- Shake the dose well before use.
- Spray a thin film evenly on the surface from a distance of 25 cm.
- Leave on for 20 seconds, then wipe with a dry soft cloth. Repeat if necessary. For very dirty surfaces, such as in kitchen areas, first clean and degrease with a suitable cleaner and dry before using the inox cleaner.

PACKAGING

Aerosol dose 400 ml

STORAGE

36 months in a dry place at a temperature between +5 °C and +25 °C. Store the doses in an upright position.

HEALTH, SAFETY, HANDLING AND DISPOSAL INFORMATION

Follow normal working hygiene. Use only in well-ventilated areas. Additional safety information, safe handling instructions, information on personal protective equipment, and disposal information can be found in the safety data sheet. Safety data sheet available on request. You can also obtain a copy from your TTK sales representative.

WARNING

The information given is based on our tests and practical experience. However, due to specific conditions and working methods we recommend preliminary tests for each case of use.
